

City of Morrow Sign Code Revision Kick-Off Meeting for Community In-put

Morrow City Hall Community Room
1500 Morrow Road
March 23, 2017 @ 6:30pm

Learn: what the City hopes this revision will accomplish, the challenges regulation presents to business owners, styles of signage now available, and more.

Share: your ideas about signage, concerns regarding how this legislation will impact our commercial areas, opinions about the current sign situation in Morrow, etc.

Our recent sign code revision targeted the legal aspects of the existing code. This revision will address sign styles, designs, size, location, etc. Your participation will help shape “the face” of our business community and make it possible to provide the best display marketing opportunities available while protecting the ascetic values of the area.

Please join your neighbors and City staff at this important event.
