Open top rate: Haul: \$105.17
Ton: \$40.61/ton
Rental: \$50/month, \$1.67/day
Delivery: \$100

2. The City mentions 31 open top commercial customers in the RFB. Again, to give the City the very best price, we need a more detailed understanding of the volume so can you please provide a copy of the most recent invoice from the current vendor separating the roll off container work? What are the current rates vendor charges City?

See attached.

3. Is it correct that currently, all customers are serviced once a week back door with a 65 gallon carts for recycling service?

Yes, customers can request extra recycle receptacle at no cost.

4. Is it correct that currently, all customers for residential garbage service are serviced back door up to 5 residential 30 gallon garbage cans or bags?

Yes.

5. Is it correct that currently, all yard waste and bulk waste is collected at the curb and not back door service? Can you please provide some details on the City's bulk collection guidelines?

Yard waste/bulk is curbside service. Bulk items: stoves, refrigerators, water tanks, washing machines, furniture and other waste material shall be limited to 2 items per pick up. Pick up construction debris for job done by home owner will be picked up. Combustible waste (i.e. wood, plastic, or any small, loose items) must be placed in a container not to exceed 50 pounds.

6. In order to provide equal service, the City will only pick up a total of three cubic yards of refuse per household per week.

Yes.

7. Back door residential service is expensive, would the City accept alternatives options for consideration for curbside garbage and curbside recycling services?

No.

8. Does the City provide the billing services to residential and commercial customers? In other words, currently, the current vendor sends an invoice to the City and the City bills the residential and commercial customers. Is this correct?

Yes.

9. How many days a week does the current vendor provide residential service? Is it one day, two days, three days, four days, or five days? We want to get a good idea of the current residential routing system.

Three (3) days a week:

Monday - curbside yard waste and bulk.

Tuesday -backdoor trash service

Friday- backdoor recycle service

10. Is the City currently enrolled in RecycleBank through its current vendor and should we include an equivalent type of program? What is the current enrollment of City customers in RecycleBank?

Yes.

11. Can you please provide details of the City buildings that the current vendor is servicing at no charge? What is the level of service?

See attached.
