

## NOTICE OF NEW PROVIDER FOR COMMERCIAL CUSTOMERS

Dear Commercial Customer,

Through a recent competitive bid process, the City of Morrow awarded the Commercial Solid Waste and Recycling service contract to the lowest and most qualified bidder. Effective November 1, 2017 Advanced Disposal is our new commercial solid waste and recycling provider. **There are changes to your monthly rate, please review the new rates pricing below.**

Within the next couple of weeks, our new contractor, Advanced Disposal will begin delivering new gray colored dumpsters at your businesses. If the existing contractor's container (colored brown) is in the way, Advanced Disposal may place their dumpster to the side depending on space restrictions and then insert it later into place after the brown dumpster is removed.

Continue to use the brown dumpster until it is removed, once the brown dumpster is removed, began using the gray colored dumpster.

You can contact us directly at 770-960-3000 or email us at [anou@cityofmorrow.com](mailto:anou@cityofmorrow.com) for any questions or concerns.

Sincerely,

Anou Sothsavath  
Public Works Director
