

Future Expo Halls

The current Morrow Event Center was developed out of only a fraction of the old Macy's footprint. The remaining undeveloped space may be converted into over 137,000 gsf of Expo Halls. Expo halls are capable of attracting tradeshow and conferences bringing many additional visitors to Morrow. Such visitors stay in our local hotels, eat at our restaurants and purchase from our merchants. This in turn allows the city to collect additional taxes from visitors' purchases and the City of Morrow to flourish.

- Selling Points**
